OFFICIAL MEDIATORS LEAVE FOR NEW YORK TO TAKE TESTIMONY

Judge Martin A. Knapp, Acting Com-

Judge Martin A. Knapp, Acting Commissioner of Labor; G. W. Hanner, who has been appointed an assistant commissioner of mediation under the amended Erdman act, and William L. Chambers, the newly appointed Commissioner, held a meeting yesterday in reference to the present controversy between the Eastern railroads and the conductors and traismen. Members of the board left Washington for New York last night to begin taking testimony tomorrow.

It developed yesterday that Louis F. Post, Assistant Secretary of Labor, who was named by President Wilson as one of the government officials who should serve on the board of mediation, is ineligible. The law authorises the President to a commissioner and assistant commissioner of mediation, two officers of the government who have been appointed to their original offices by and with the consent of the Senate. It was pointed out that the Assistant Secretary of Labor does not fall within this classification, inasmuch as his appointment to that office was made without the advice or consent of the Senate.

Post's Place to Be Filled.

Post's Place to Be Filled.

Peat's Place to Be Pilled.

The President's attention was called to the oversight, and it was announced that rome one will be appointed as soon as possible in Mr. Post's place. This inexpected development will not, however, embarrass the mediators, as the law provides that the President, in addition to a commissioner and an assistant, shall appoint. Thot more than two' officers of the government. Under this construction, the appointment of another member to take Mr. Post's place seems to be optional with the President. The remaining members of the Board of Mediation received urgent requestly vesterday from the railroads and the trainmen to begin work at once without waiting for the uppointment of Mr. Post's situessor. The Senate yesterday confirmed the appointment of Mr. Chambers as commissioner and Mr. Hanger as assistant commissioner.

Whether It Had Rabies. There was excitement for a short time at the Municipal bathing pools yesterday afternoon, when a stray dog suddenly became mad and bit John Taylor, fourteen years old, of 300 A Street Northeast, and Samuel Hag, eleven years of age, who were swimming in the pools. Prompt action on the part of Policeman W. C. Davis, who is stationed at the pools and who shot the dog in the presence of about 500 youthful swimmers, probably saved many more victima. The dog, which bore a license of last year's series. No. 430, was first seen near the pools about 2 o'clock. It appeared perfectly normal, and, in fact, in a playful mood. Suddenly it attacked young Taylor, who was in the shallowest pool. Taylor was bitten in the abdomen, the wound causing the blood to flow freely.

Rush to the Scene.

The swimmers in the other pools, attracted by the cries of Taylor and the lads who were near him, rushed to the scene. Among them was Haz, who was next attacked by the dog, which leaped for the boy's throat, but the teeth missed their mark. As Hag turned away, the animal made another leap and caught the boy's right arm, inflicting a deep wound.

the boy's right arm, inflicting a deep wound.

By this time Policeman Davis, who was near by, was on the scene. Drawing a pistol, while the boys were fleeins in every direction for safety, he fired, killing the dog instantity.

The two boys were taken to the office of Ur. William B. Hudson, superintendent of the bathing beach, where their wounds were immediately cauterised. It was reported last night that both boys merit will examine the body of the dog to ascertain if it had rables.

as the tariff bill has been sent to ference.

"There may be three or four months of debate, from time to time," said Aburst. "The advantage in letting the mat" ir go glowly is in the fact that elections are approaching and every member of Congress will hesitate before casting his vote openly against so strongly supported a measure.

"Suppose the vote on it should come as late as next March! How many experienced politicians would want to go on record against the suffrage movement just before entering the primary campaigns in their home districts?"

Bill on Behalf of the "Plucked Officer."

REINSTATEMENT ASKED

nds of Haval Captain Belle Has Boon Unfairly Treated.

Senator Martin of Virginia yesterday introduced in the Senate a bill to restore a Capt. Temptin M. Potts to the active list of the navy. This is the first action taken in Capt. Potts case, and indicates the rature of the endeavor Capt. Potts will make to gain reinstatement.

The case of Capt. Potts attracted a great deal of attention during the last two weeks, following his selection for compulsory retirement by the naval pluckling board. This action by the board was possible because of the fact that under a new order issued by Secretary of the Navy Duniels, soon after he came into effice, promotion was withheld from Capt. Fotts.

Potts.

Officer Ordered to Sea.

On March X, after passing his examinations for promotion to be a rear admiral. Capt. Potts was informed that he had not had sufficient sea service to warrant his being promoted. Consequently, Capt. Potts was no ordered to sea, and it was announced that after he had served at sea a time he would he promoted, his new rank to date from March X, 1812.

By the deferment of his promotion, however, Capt. Potts fell under the jurisdiction of the pluckin board, which can retire officers of the rank of captain or below.

The friends of Capt. Potts maintain that he has been made the victim of an unfortunate chain of circumstances. They feel that by a unique problemation, Capt. Potts has innocently suffered, and made to pay a heavy penalty for obeying the orders of the previous administration of the Navy. Department, under which he was retained in Washington.

Capt. Potts has had a total of ningteen years of sea service, which is more than has been had by other officers in his grade who rank higher in number than Capt. Potts.
